Docket No. 98N-1265

Food and Drug Administration APR -8 AM 10:02

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have used compounded
prescriptions for over a year now
& they have been the only successful
medication I have found.
PLEASE don't take it away by
not letting them mail to other
states! What harm is it doing??
Thank you

P.S. This service is not available at
all in my state. There are no commercial
pharmaceuticals or local that provide
compounded natural hormones.
